

Orlando Magic supports the SunRail

For years, Orlando has been the number 1 tourist destination in the world. We have hosted World Cup Soccer, we have a world-class airport, world-class healthcare facilities and we are the home to Walt Disney World. Building on that identity, Central Florida is in the midst of building world-class community venues, including the new Events Center scheduled to open in 2010. Residents and visitors to our region also deserve a world-class transportation system. This is why The Orlando Magic is proud to support SunRail - Central Florida Commuter Rail.

If you want to get in the game and see SunRail become a reality, email your elected officials and voice your support by going to www.righttrackflorida.org and clicking on the "Email your Elected Officials" link.

We know what can be accomplished when we all work together to achieve legendary moments.

BE THERE with us as we create our future.
